

INTIMIDATION

FACT SHEET

WHAT IS INTIMIDATION?

- Intimidation is any behavior or action that instills fear, insecurity, or discomfort in an individual or group, with the intent to manipulate or control them.
- It can take various forms, such as verbal threats, bullying, harassment, aggressive body language, or the misuse of authority.
- It undermines workplace morale, stifles open communication, and can lead to a toxic work environment.
- It is detrimental to productivity, job satisfaction, and the overall well-being of employees.

WHY IS IT HARMFUL?

- Intimidation is harmful as it erodes the foundations of a productive and healthy workplace.
- It damages employees' psychological and emotional well-being, leading to increased stress, anxiety, and diminished job satisfaction.
- This toxic atmosphere impedes effective communication, stifles creativity, and hinders collaboration, ultimately undermining overall productivity.
- Additionally, it can result in high employee turnover and increased absenteeism, which negatively impacts an organization's bottom line.
- Intimidation not only disrupts individual lives but also tarnishes a company's reputation and can lead to legal consequences.
